Christian Sunday School Has Entertainment

The entertainment given by the Christian Sunday School of Madisonville on last Sunday morning was a decided success in every way. There was a large audience present and a fine program was carried out. The music was an attractive feature of the entertainment. In the afternoon the church-workers took buggies and distributed good things all over the city.

How To Stop Stubborn Cough

We don't mean just stop the irritation in your throat—but cure the underlying cause.

Cough syrups cannot do this. It takes a constitutional tonic body builder to do the work properly—and cure you to stay cured. Vinol is the remedy you need.

HERE IS PROOF

Mrs. Minnie Osgood, of Glens Falls, N. Y., writes: "After trying several remedies for a bad cough and cold without benefit, I was asked to try Vinol. It worked like magic. It cured my cold and cough and I gained in health and strength. I consider Vinol the most wonderful tonic and invigorator I ever saw."

If we cannot stop that cough with VINOL—our delicious cod liver and iron tonic—which is made without oil—we will not charge you a cent for the medicine you buy. This seems like a pretty fair proposition—and ought to be accepted. Don't you think so? With this understanding we ask you to try a bottle of VINOL. ST. Form of Divorce in Old Rome.

In the earlier period of the Roman republic divorces were quite unknown and were rare right up to the time of the Sullan wars. In the old days the husband and wife who wished to separate appeared for the last time before the common hearth, a priest and priestess being present. As on the day of marriage, a cake of wheaten flour was presented to the husband and wife, but instead of sharing it between them they rejected it. Then, instead of prayers, they pronounced formulas of a strange, severe, spiteful character, by which the wife renounced the worship and gods of the husband. From that moment the religious bond was broken, and the community of worship having ceased to exist, the marriage without further ado was forever dissolved.—New York American.

Floral Etymology.

"Primrose" is one of those words that have shown popular association to be stronger than etymology. It has no real connection with the rose, but is the old French "primeroie" and, anyhow, means only the "prime" or first flower (more or less) of the year. Our language has insisted upon making "roses" of all sorts of flowers. We have the tuberose, which is only "tuberosa," tuberous, and the rosemary, which is "rosmarinus," dew of the sea. On the other hand the "rose" has been dropped readily enough in cases where popular fancy could not see the flower. The alchemists called green vitriol "rose of copper," "cupri-rosa." In French this became "couperose," but English wore it down to the pointless "copperas."—London Chronicle.

The Dancing Mania.

The "dancing mania" of the middle ages came on the heels of the great plague known as the "black death." It was some sort of nervous disease and is now supposed to have been what is known as "St. Vitus' dance." It began in the year 1374 at Aix-la-Chapelle and spread all over Germany, the Netherlands and Italy. The dancers formed circles hand in hand and appearing to have lost all reason, continued dancing, regardless of the bystanders, for hours together until in their wild delirium they fell to the ground in sheer exhaustion. Panting and foaming at the mouth, they would suddenly spring up and begin the dance again, to be again exhausted, and so on until they died. The mania involved millions of people.

The Twelve Jurymen.

A prisoner is tried by twelve of his fellow countrymen. This custom is a thousand years old, and we get it from the vikings. The vikings divided their country up into cantons, which were subdivided into twelve portions, each under a chieftain. When a malefactor was brought to justice it was usual for each chieftain to select a man from the district over which he ruled and compel him to try the prisoner, the verdict of these twelve men being declared by the judge to be final.

Made Her Mad.

"I thought I overheard you and your wife quarrelling a little while ago. What was the trouble?" "She brought home a new bat, and after putting it on she turned to me and said she didn't believe it was becoming." "Well?" "I agreed with her."—Chicago Record-Herald.

A One Sided Rule.

Once when P. T. Barnum was taking tickets at the entrance of his circus a man asked him if he could go in without paying. "You can pay without going in," said Barnum, "but you can't go in without paying. The rule doesn't work both ways."

Not by Exclusion.

He—I had a hard time getting a good wife. She—Goodness! Have you been married several times? "Oh, no. But I courted my present one six years."—Philadelphia Ledger.

Don't fail to call for Tip Top flour.
